

SLHG SLIDING GLAZED ACCESS HATCH
SLHG Overview

Surespan SLHG glazed sliding roof hatches have many advantages over standard 90° opening roof access hatches. The sliding roof hatches are ideal where there is a height restriction or risk of high wind, ensuring your roof hatch is operable in all weather conditions.

Hatches with up to 1500mm of travel are available with completely retractable sliding gear.

STANDARD FEATURES

- Custom Made to Any Size
- Insulation U-Value 0.43 W/m²K
- Fully insulated and energy efficient
- Double unbroken seals
- 50mm insulation thickness
- Integral 'wrap over' edge
- Electrically Operated

Material:	Stainless steel or aluminium.									
Cover:	The lid is supported by heavy duty aluminium hinges and features an integral 'wrap over' edge, incorporating double unbroken seals.									
Insulation:	The lid is filled with CFC and HCFC free insulation offering GWP (Global Warming Potential) of 3, ODP (O-Zone Depletion Potential) of 0.									
Upstand:	200mm in height and manufactured in aluminium. With a 50mm insulation thickness. The upstand has a purpose made flashing to accept the roof felt (supplied by others and fitted under manufacturers instructions) flush to exterior insulation. Optional thermally broken upstand also available.									
Operation:	Manual Opening - travel on tracks fixed to roof.									
Finish:	The unit comes self colour as standard or can be provided polyester powder coated to any standard stocked RAL colour as an additional option.
